One of the benefits of being involved in a young school is your inclusion in the process of laying the foundation for this partnership. While not all suggestions can be utilized, decisions will be made based on the information and ideas you provide and the suggestions you make. You will also have the opportunity to participate in many ways in the continued development of the school through our parent organization (PATCO) or through our Education Foundation.

We may host an orientation with you and your child (children) prior to the opening of school. We need and appreciate your help and support. If you have questions or are missing any information, please contact us at 908-754-9043.

We look forward to working with you and your family.
